

Natural large wet slides at Bridger

Bridger Bowl

Bridger Range

4/8/2019

Code

WL-N-R2-D2.5-O

Elevation

8000

Aspect

E

Latitude

45.81410

Longitude

-110.92800

Notes

Evidence seen on Wednesday of large wet slides that likely ran on Monday during heavy rain event. Forecaster observed debris on most steep terrain from Hidden Gully to the Ramp. Debris ran to Goldilocks traverse and the road out of bounds north. Multiple size D2, up to D2.5.

From BBSP email: "Good evidence of wet [slide](#) activity across the mtn that prob ran late Monday?

Hidden to the Goldilocks traverse

B Gully past Goldilocks

Av Gulch/right side? to old lower gulch rd

Colter's to Reggie's level

Debris on Z fan at traverse level

Boundary chute to upper gate

Close call to nearly upper traverse."
