

Whumpf-ing at Telemark Meadows

Date

Sat, 01/27/2024 - 13:00

Activity

Skiing

Heard two large whumpfs when heading up the low angle slopes of Telemark Meadows. Dug a quick pit and found it was collapsing 30cm (rough estimate) deep on the second weak layer from the top. Lightly snowing, not much accumulation.

Region

Southern Madison

Location (from list)

Telemark Meadows
